As a leader, you know that employees play a critical role in the success of cooperatives.

It is important for all employees to know what make cooperatives different from other businesses; and why cooperatives were formed to meet the needs of their member-owners.

MAC-Ed is a 501c3 charity created to insure this education is available and affordable.”

MAC-Ed's CO-OPS101 Session

Engage your employees to understand the cooperative world, and sharpen their ability to connect with member/owner-customers.

"Cooperative education is the main focus of the Mid America Cooperative Council.

The Co-ops 101 course offered by MACC is a must for all cooperative employees, trustees and directors.

It is amazing that we have employees and trustees who are engaged in cooperative businesses, who do not really know and practice the "Seven Cooperative Principles".

MACC provides the needed education for these individuals."

MACC Board
Chairperson
